- 1) Add new line here above Windows "Firmware Utility, 1.7 . . ." that reads:  
"Firmware Utility, 1.9 (S/N #449 or higher)
- 2) Use same Compatibility text for v1.9 line as v1.7 line.
- 3) Add download file link for new v1.9 line: "digiMIX18\_Firmware\_Utility\_Win\_v1.9.zip"
- 4) Update "Firmware Utility, 1.7" by adding "(S/N #448 or lower)"

Note: there is currently no v1.9 firmware file for MAC.
