

Notice Regarding Ashly WR Remotes Used Worldwide

This is to advise our customers that all Ashly WR- model In-Wall Remotes shipped worldwide, upon request, are packaged with a US 1-gang In-Wall electrical box, and a US Decora-style cover plate.

This applies to the following models:

- WR-1
- WR-1.1
- WR-1.5
- WR-2
- WR-5
- neWR-5

For EU and other markets, a suitable electrical box (as shown above) should be used to properly adapt them for in-wall installations.

If you have any questions regarding the remote cover plates, please contact your Ashly Sales Representative or Ashly Technical Support.
